

AIDS WALK
LOS ANGELES

COME CELEBRATE COMMUNITY WITH US

Sunday, Oct 12, 10am
West Hollywood Park

When we walk together, we show the world that Community is the Cure. AIDS Walk Los Angeles is more than a fundraiser — it's a powerful statement that we will not stop until HIV/AIDS is history. This year, as resources for critical services face new threats, we're turning our shared strength into action, celebrating the progress we've made and taking bold steps toward a future free from HIV.

By participating, you'll help sustain the momentum of four decades of groundbreaking progress and empower APLA Health to continue preventing new

HIV infections and supporting people living with HIV through care, treatment, housing, and vital food assistance.

When you back our team, you're reinforcing a promise — that no one will face HIV/AIDS alone — and fueling the determination and hope that drive us forward. Thanks to supporters like you, ending HIV transmission is within reach. Let's keep going — together.

It's easy to join us! Visit **AIDSWALK.LA** to RSVP and walk with our team at AIDS Walk Los Angeles.
